Because every new website deserves your raised eyebrow. 😏

What you said	And how you said it
<input type="radio"/> 'Insight-driven', yeah yeah ...	<input type="radio"/> Too, too, superlative, daahling
<input type="radio"/> Incisive is as incisive does, FFS?	<input type="radio"/> Verbose, perhaps you're insecure?
<input type="radio"/> Clearly made-up quotes	<input type="radio"/> Overly familiar, you don't know me
<input type="radio"/> Incisive Marketing – I'm not sure you're taking this seriously	<input type="radio"/> The photos aren't even all that
<input type="radio"/> Passionate execution, honestly?	<input type="radio"/> Is this standard MS table formatting?
